## WORK EXPERIENCE

### Student Information & Resource Specialist

Southwest Technical College
2022 - Current / Cedar City, Utah

- Assists with back-end building and scheduling of programs and courses in the information system database
- Develops and maintains inventories related to programmatic student learning resources to include equipment, supplies, periodics, media resources, software, etc
- Develops a process for ordering and tracking programmatic books and supply items, coordinating start dates with student populations
- Assists in the development and maintenance of processes related to audio-visual equipment used for remote instructional delivery modes and innovative teaching methodologies

### Online Sales Lead

Zion National Park Forever Project
2022 - 2023/ LaVerkin, Utah

- Management and control of online web stores and products
- Creation of visually stunning products through photography and Adobe Photoshop

### Data Analyst / Business Analyst / Web Master

Tuacahn Center for the Arts
2017 - 2021 / Ivins, Utah

- Developed the data and reporting infrastructure from the ground up using Business Intelligence reports and Data Visualizations to provide real-time insights into ticket sales, acquisition gateways, and business KPIs
- Devised and managed an entirely new website for the organization using Wordpress and coding skills such as HTML and CSS
- Studied web trafficking from google analytics and viewed repetitive pathways users accessed the website to find opportunities for sales and promotions
- Managed the email marketing flow using Hubspot to target the correct audience for ads and promotions
- Created reporting models to be presented before the Board of Directors on a quarterly basis
- Oversaw in an administrative capacity to ensure best practices between all departments while seeking out opportunities for improvement
- Worked entirely without supervision and would often to be called upon to supervise the duties of others
- Participated in weekly meetings to help determine the needs of the organization, resolve ongoing issues, and to speak with departments or associates of our organization
